

OUR FINANCIAL POLICY

We are committed to providing you with the best possible medical care. If you have medical insurance, we will try to help you receive your maximum allowable benefits.

Payment for non-covered services and co-pays are due at the time services are rendered. In order to expedite this payment we accept cash, personal checks, MasterCard, Visa, Discover and American Express.

MEDICARE PATIENTS:

We are participating providers and will bill Medicare for you. You are responsible for your yearly deductible, your 20% co-pay and any non-covered services.

PPO PATIENTS:

We are participating providers for most plans and we will bill your insurance company directly. After our office has received payment and all adjustments have been deducted, we will send you a bill for your remaining balance.

IPA/HMO PATIENTS:

We no longer participate in IPA/HMO plans. If you choose to come to our office for your eye care, you will be responsible for paying all charges.

Please be aware that Medicare and most medical plans do not cover routine eye exams or that portion of the medical eye exam that is done to determine your prescription for glasses or contact lens (refraction.) If you are having this type of examination, you will be responsible for the routine eye exam or the refraction charge unless you have vision insurance in addition to your medical insurance.
